

MFT 150pa - Print and Apply

One Piece 12" Unwind/Rewind Print and Apply Label Applicator

High Performance - Reliable - Cost Effective

150pa Print and Apply Label Applicator

1 Programmable logic controller with 4.3" HMI touchscreen

Easy to use, intuitive Programmable Logic Controller (PLC).

2 Upgradeable print engine options

Modular design with the ability to use different print engines allows for customization of print quality settings. Easy to support and replace. Print a variety of different label formats including barcode labeling.

3 MFT Automation Smart Pad™ for ease of setup

MFT Automation's Smart Pad automatically adjusts for product height. Robust mechanics for accurate alignment and reliability. Easy changeover to customize for different size labels.

Features

- The MFT 150pa is a small compact print and apply labeler that is designed to fit in tight areas of production lines. Use as a stand-alone unit or integrate with other machines. The 150pa handles up to 150 mm (6.00" wide) size labels.
- Easy to use print and apply engines with backlit displays. MFT Automation supports over 18 print engine option upgrades for other systems while allowing existing program formats to be used.
- Industry standard print engine bolt pattern
- Full function high resolution PLC touchscreen with onboard I/O configurations.
- Easy quick label pad changeover, no tools necessary.

Industries:

- Pharmaceutical
- Food
- Cosmetics
- Packaging
- Financial
- Printing
- Robotics

Common equipment that the 150 Print and Apply can be integrated into:

- Existing equipment
- Conveyors
- Turn key solutions

Applications

- Print and adhere labels to packaging, cartons, folders and more.

MFT 150pa - Print and Apply Applicator

Equipment Specifications

Typical Height	610mm (24.0")
Typical Length	558mm (22.0")*
Typical Width	410mm (16.0")
Maximum Speed	70 meters per minute**
Power Requirements	110/220V 50-60Hz 6A
Operating Temp.	10°-35°C (50°-95°F)
Weight Ranges	Less than 80 lbs.

* Product length dependent

** Application dependent

*All MFT Automation equipment can be designed to meet your specific production requirements. Please contact one of our experienced Application Engineers to discuss many solution options available to you.
